

# Microsoft Azure Hybrid Cloud on QCT

Reliable Infrastructure.  
Secure Management.

Quanta Cloud Technology (QCT) is a global data center solution provider. We combine the efficiency of hyperscale hardware with infrastructure software from a diversity of industry leaders to solve next-generation data center design and operation challenges. Our product lines include hyper-converged and software-defined solutions as well as servers, storage, switches, and integrated racks. The parent of QCT is Quanta Computer, Inc., a Fortune Global 500 corporation.

Azure Hybrid Cloud product stems from its consistency with Azure. To provide end users a consistent experience, QCT has joined with global SI partners as a critical and most suitable piece of the puzzle to complete the Azure Hybrid Cloud Integrated Systems.

## Why QCT?

- **Most suitable appliance for Hybrid Cloud workloads**

As QCT appliances are all designed and manufactured under one roof, owning the original designs enables QCT to provide customers the specific hardware that fits their applications. Based on our in-depth research, QCT has selected some of its finest hardware that best suits hybrid workloads. The fact that Microsoft's lab has used QCT's appliance to test and deploy Azure Hybrid Cloud themselves demonstrates our hardware's ability to satisfy the strictest customers and the most critical tasks.

- **Consistent and Seamless QCT Hardware Patches & Updates**

Azure Hybrid Cloud involves frequent patch & update on certified hardware systems, and with every update, it requires a full-scale validation. QCT has a dedicated team of experts to recommend, from compatibility perspective, an optimized combination of software, firmware and drivers to deliver consistent but seamless patch and update efforts. QCT has co-engineered with Microsoft on both APS and Windows Server 2016. And now with this solution, QCT utilizes its network with Microsoft, component vendors and gathers its most experienced engineers to provide customers the best Hybrid Experience.

### United States

QCT LLC., Silicon Valley office  
1010 Rincon Circle, San Jose, CA 95131
